

ROCHESTER & GENESEE VALLEY RAILROAD MUSEUM

If you like trains, you came to the right place! JOIN US!

The Rochester & Genesee Valley Railroad Museum has been preserving Rochester's transportation history since 1937. We maintain the largest collection of historic trains and the only operating railroad museum in New York State. The museum depends entirely on ticket revenue, grants, and donations from generous people like you.

Our museum has preserved more than 40 pieces of railroad equipment including steam and diesel locomotives, freight and passenger cars. R&GVRRM is also home to a fleet of specialized track tools, heavy trucks, and construction equipment that are used on a regular basis to maintain our museum and grounds.

Members and their friends are welcome at our monthly meetings with featured guest speakers. Our monthly newsletter, The Semaphore, is distributed to all members via email (print subscriptions available for \$7.00 year). Enjoy our special members-only social events throughout the year. Members are also entitled to free rides on our museum railroad.

Join our museum and support the preservation of Rochester's rich railroading heritage! Please fill out this form and return with payment to Rochester & Genesee Valley Railroad Museum, P.O. Box 23326, Rochester, NY 14692-3326
